**WATER MAIN LEAK REPAIRED AND WATER SERVICE RESTORED TO THE 1400 BLOCK OF
SOUTH 14th STREET
BOIL WATER ADVISORY STILL IN PLACE**

HARRISBURG (March 31, 2014): Capital Region Water (name change from The Harrisburg Authority (THA) pending) has restored water service after repairing a water main leak and sinkhole on the 1400 block of South 14th St. The boil water advisory will stay in place until two days of samples are tested.

"We're glad that service was quickly restored to the residents", said Executive Director Shannon Williams, "but we will continue to work diligently installing a new water main so residents don't have to experience more interruptions."

Williams also said that crews will continue to monitor the site. All residents on the 1400 block of S 14th Street should be connected to the new main by the end of next week.

Residents with questions or concerns are encouraged to visit myharrisburgwater.com or call 717.525.7677.
